

## 2021 Fundraising Report

### Limited Operations in COVID Times

With COVID safety protocols in place, the Duluth Rowing Club was able to resume the Junior program, learn to row classes, and the opportunity to row in crewed boats. While many returned to rowing, the number of members and participants were lower than pre-COVID years. All regional regattas were canceled, and the DRC was unable to host its major fundraiser – the Duluth International Regatta. The Dragon Boat Festival, also an important fundraising event was also canceled.

**Many thanks to the generous donors who contributed nearly \$17,720!** These funds helped offset the cost of 2021 general operations and provided a solid financial base to begin the 2022 season. The Club's major goal for 2022 is to return to pre-COVID operations, with a focus on hosting and attending regattas, expanding membership, and bringing back events.
