

2022 Fundraising Report

Total 2022 Contributions: \$37,046

The Duluth Rowing Club is very grateful to the many individuals and businesses who generously gave financial contributions in 2022. These gifts supported coaching for the Junior Rowing Program, youth scholarships, dock repair, equipment maintenance, and a special year-end appeal to fund a new trailer to transport boats to regattas.

The response to fund a new trailer was overwhelming! A total of \$30,321 was raised for the trailer from October - December 2022, and an additional \$6,000 came in January 2023. These funds cover the entire cost a new trailer.

This new trailer will replace the one the Club has used for over 40 years. It will be safer on the road, has safety features for loading and unloading boats, will extend the life of our rowing shells, and will have far less maintenance costs.

A special **Thank You** goes out to all who supported the Duluth Rowing Club and the new trailer!
